

Maldives - MV

Baa Atholhu - get the first digit and search the equivalence			
1 = 4,72	2 = 4,73	3 = 5,72	4 = 5,73
Dhaalu Atholhu - get the first digit and search the equivalence			
1 = 2,72	2 = 2,73	3 = 3,72	4 = 3,73
Faafu Atholhu - get the first digit and search the equivalence			
1 = 3,72	2 = 3,73		
Gaafu Alifu Atholhu - put the first part in box LA1 and second part in box LO1			
1 = 0,73			
Gaafu Dhaalu Atholhu - get the first digit and search the equivalence			
1 = 0,72	2 = 0,73		
Gnyaviyani Atoll - put the first part in box LA1 and second part in box LO1			
1 = 0,73			
Haa Alifu Atholhu - get the first digit and search the equivalence			
1 = 6,72	2 = 6,73	3 = 7,72	4 = 7,73
Haa Dhaalu Atholhu - get the first digit and search the equivalence			
1 = 6,72	2 = 6,73		
Kaafu Atoll - get the first digit and search the equivalence			
1 = 3,73	2 = 4,73		
Laamu - get the first digit and search the equivalence			
1 = 1,73	2 = 2,73		
Lhaviyani Atholhu - put the first part in box LA1 and second part in box LO1			
1 = 5,73			
Meemu Atholhu - get the first digit and search the equivalence			
1 = 2,73	2 = 3,73		
Noonu Atoll - get the first digit and search the equivalence			
1 = 5,73	2 = 6,73		
Northern Ari Atoll - get the first digit and search the equivalence			
1 = 3,72	2 = 3,73	3 = 4,72	4 = 4,73
Raa Atoll - get the first digit and search the equivalence			
1 = 5,72	2 = 5,73		
Shaviyani Atholhu - get the first digit and search the equivalence			
1 = 5,72	2 = 5,73	3 = 6,72	4 = 6,73
Southern Ari Atoll - put the first part in box LA1 and second part in box LO1			
1 = 3,72			
Thaa Atholhu - get the first digit and search the equivalence			
1 = 2,72	2 = 2,73		
Vaavu Atholhu - put the first part in box LA1 and second part in box LO1			
1 = 3,73
